S-LINE, LLC, a business of Ancra International, LLC, is a full service manufacturer and provider of consumer and industrial cargo control products for contractors, farmers, DIYers, motorcycle owners, motorsports teams, outdoor enthusiasts and commercial transportation. In addition to our traditional heavy duty customers, S-Line now maintains strong relationships with retailers and distributors in the hardware, automotive, motorsports, fleet/farm and rental channels. Our products include tie down straps, bungee cords, tarp ties, cargo nets, trailer hardware, transport chain, chain binders, lifting slings, cargo bars, winches, winch straps and decking beams.

Welcome to the NEW S-line by Ancra International – North America’s leading designer and manufacturer of Cargo Restraint Systems.

40 years ago, Ancra introduced the "Original" cam buckle tie-down to the consumer market for the safe and convenient transportation of motorcycles. Ancra was later acquired by The Heico Companies, a multi-billion dollar corporation with exceptional professional and financial resources, helping propel the rapid growth of the company. Today, Ancra is recognized as a leading supplier of cargo restraint products to the Heavy Duty Fleet, Aviation and Military industries. With a reputation for providing quality products at the best value, and a strong brand following, we are now strategically positioned to serve the cargo control needs of the Consumer and Industrial markets through our acquisition of S-Line.

S-Line opened its doors in the 1970’s, as a supplier of fleet transportation products. In 2003 S-Line expanded its customer base to include industrial catalog houses, rental companies, sporting goods retailers and hardware wholesalers. The Heico Companies acquired S-Line in 2008 and merged the business with Ancra to form the industry’s largest supplier of cargo control products in North America. Today, under the leadership of Ancra, S-Line has been transformed into a successful, multi-million dollar supplier of quality and affordable cargo control products to the Consumer, Industrial, Motorsports and Utility Trailer markets.

To our valued customers who stuck with us through the acquisition, thank you! We are excited about our future and look forward to helping you continue to expand your cargo control sales.

To our prospective customers, we look forward to earning your business. Whether it’s one product, or our complete line, we are certain we can help you meet the needs of your customers, increase your sales and add to your bottom line!

Sincerely,

Mark Daugherty
Vice President & General Manager, Cargo Division

HEAVY DUTY RATCHET STRAP ASSEMBLIES

Industrial Grade

Tied & tested by professional truck drivers for over 40 years, S-Line & Ancra heavy duty ratchet straps are built for the most demanding applications. Quality, care and thought go into every strap ensuring our products perform as intended and outlast the competition. From full size long wide handle rachets for easier grip and maximum leverage, to specialty coated webbings that provide additional UV and water resistance to big beast end fittings matched to the strap’s working load limit, you’re certain to find the tie down that fits your customer’s needs.

Standard Ratchets

2" LONG WIDE HANDLE (2LW)
- Chrome finish
- 3.29 lb Aluminum Grips
- 2.5 g/l Hanger
- 3,000 lbs WLL / 1,360 kg

3" LONG WIDE HANDLE (3LW)
- Chrome finish
- 3.29 lb Aluminum Grips
- 2.5 g/l Hanger
- 5,250 lbs WLL / 2,380 kg

4" LONG WIDE HANDLE (4LW)
- Chrome finish
- 3.29 lb Aluminum Grips
- 2.5 g/l Hanger
- 5,500 lbs WLL / 2,490 kg

2" Web Keeper Ratchet (2LW-WK)
- Built-in going loaded clamp to store excess webbing

Flat Hook
Wire Double J-Hook
Twisted Snap Hook (TSH)
Chain Anchor

Flat Hook Radius Pad
- Extends reach 10”
- Protects webbing from hook edge

LIFTING SLINGS

Endless Round Lifting Slings

- Light Weight & Durable
- Low Stretch Properties for Optimum Use in Low Headroom Applications
- Continuous Looped Polyester Load Yarns Inside
- Abrasion Resistant Double Wall Polyester Protective Cover
- Color Coded to Industry Capacity Standards
- Industry Compliant Sewn Warning Tags
- Shrink-Wrap Package

ANATOMY OF A RATCHET STRAP

Fixed End Hardware
Adjustable End Hardware
Ratchet
Webbing

Fixed Length
Overall Length
The distance between extreme end bearing points of the web tie down assembly, including the fittings. Standard fixed length is 18’” (33’’ for chain anchor straps). This puts the ratchet in the optimum position on the side of the trailer.

Note: Standard webbing color for heavy duty tie downs is yellow unless noted by color block next to the part number.

CUSTOM MADE STRAPS & CUSTOM STENCILING

S-Line offers custom manufacturing capability and the ability to print your company name on the webbing. To request a special strap design, color or<br>stenciled name, please contact Customer Service at (800) 626-6413. Custom products are priced at the time of order and subject to minimum order<br>requirements and varying lead times based on availability of component parts. Custom products are available in bulk packaging only and are<br>nonreturnable.
RATCHET TIE DOWNS

Commercial Grade Series “X”

Perhaps the highest quality general application tie downs on the market, our “X” series straps are packed full of features and conveniences and built to endure the rigorous applications of today’s professional contractor, light industrial user and avid motorsports enthusiasts. “X” series products are made with heavy duty abrasion resistant polyester webbing and packaged in environmentally conscious and easy to merchandise display boxes that are completely recyclable.

20” x 1.5” INDUSTRIAL 1 PACK
1,800 lbs WLL / 815 kg
- Reversible wide handle GRR®
- Extended 18 in fixed end to extend ratchet above pickup rail
- Chromate single / hooks to provide greater anchoring flexibility
- Sewn loop end to prevent pull through

10” x 1.5” POWER EQUIPMENT 1 PACK
1,000 lbs WLL / 453 kg
- Reversible wide handle GRR®
- Extended 18 in fixed end with molded snap hook to extend ratchet above pickup rail
- Vinyl coated double / hook with keeper and floating d-ring on adjustable end
- Sewn loop end to prevent pull through

Pickup Truck Stake Pocket Anchors

Bull Cleat®
500 lbs WLL / 226 kg
- Quick installation
- Chrome finish with stainless steel screws

Bull Ryder®
500 lbs WLL / 226 kg
- Fixed ring
- Quick installation
- Chrome finish with stainless steel screws

Bull Ring® - Retractable
1,000 lbs WLL / 455 kg
- No Drilling
- Snaps up / snaps down
- Stainless steel rings and screws

Rubber Block
- Quick installation
- Chrome finish ring

Toggle Bolt
- Universal
- Chrome finish ring

EZ PULLER II® Cable Puller
2,000 lbs WLL / 907 kg
- 1 TON Cable Puller
- 1 Pack / Box

Pickup Truck Cargo Nets

D-Rings and Connectors are spaced to accommodate various heights of loads. Each net comes with six (6) 1-½” x 3’ long straps with a die cast cam buckle. Each strap has vinyl-coated 5 hooks with wire keepers to prevent them from disengaging. Net Openings: 62 in. WLL: 1,200 lbs

Utility Pad
72” x 80”
- One piece filler with continuous quilted stitching
- UV Treated and metal filtered batting

Polycord Rope
¾” x 75’
- Excellent resistance to chemicals, oils and moisture

Polycord Rope Floor Display
¾” x 75’
- 40 Piece Camo Rope Display

Soft-Tie Extension
1,166 lbs WLL / 528 kg
- 12’ Motorcycle & ATV Tie Down Extension
- Fits 3½” – 5½” Tires
- Quick connect to aircraft style D track
- Camo complete with mounting kit

Trackstar® Motorcycle Wheelchoc
- Removable

Trackstar® Accessory Mounting Kit
8” O Track & Hardware
- For installation in a second vehicle

RATCHET TIE DOWNS

General Use

15" x 1" 4 PACK
500 lbs WLL / 226 kg
- Molded grip ratchet handle
- Compact vinyl coated S-hooks
- Traditional open package

Grade 70 Bulk Chain (no hooks)

- Molded grip ratchet handle
- Compact vinyl coated S-hooks
- Traditional open package

Chain Load Binders

All traditional chain load binders are constructed of drop forged steel for strength and durability and are Grade 70 for use with transport chains. They are available in traditional Lever, Recollies and Ratcheting models, and are finished in a red E-coat paint. They meet or exceed WSTDA T-6 standards.

EZ Binder

- Quick acting ratchet design is easy to tension and release
- Extra long handle provides mechanical advantage needed for secure tensioning
- Durable contoured handle grip for comfortable operation
- Heavy-gauge steel construction with corrosion resistant electro zinc plating
- Free wheel function for quick take up
- Swivel grab hooks for ease of use
- Will take up 12" of chain during tensioning

Transport Chain Assemblies with Clevis Hooks

**GRADE 43**

High strength chain made from carbon steel, surpassing proof coil working load limits by a factor of 2 to 1. Great for general tie down use and logging applications.

NOTE: Not for overload lifting

**GRADE 70**

Lighter & stronger than Grade 43, Grade 70 chain was designed specifically for over the road transportation. Made from heat treated, high carbon steel and zinc plated gold chromate for corrosion resistance. Each link is 100% proof tested to 2X WLL rating and made to NACM standards per specifications of the Department of Transportation & CMIA for tie down use. All clevis hooks are made of heat treated alloy steel.

NOTE: Not for overload lifting

Grade 70 Agricultural Safety Chain

For use as a safety chain to prevent the separation of the towed vehicle and the towing vehicle in the event the primary attachment becomes disengaged. The safety chain allows for the two vehicles to come to a controlled stop. Conforms to the specifications of the ASABE as a Safety Chain for towed field equipment for agriculture. Has a zinc plated gold chromate finish and complies with NACM Standards for Grade 70 transport chains.

</tbody>
</table>

**BEST PRACTICE TIP:**

Always inspect tie downs prior to and after every use for signs of excess wear, cuts, abrasion and deformed hardware. If found, remove from service immediately. Tie downs are consumable items and will wear out over time.

Store tie downs out of direct sunlight and in a dry location to extend their useful life.

CUSTOM MADE STRAPS & CUSTOM STENCILING

S&L offers custom manufacturing capability and the ability to print your company name on the webbing. To request a special strap design, color or identical name, please contact Customer Service at (800) 626-6363. Custom products are priced at the time of order and subject to minimum order requirements and varying lead times based on availability of component parts. Custom products are available in bulk packaging only and are non-returnable.
CAM BUCKLE TIE DOWNS

Commercial Grade Series “X”

8” x 1.25” MOTORSPORTS 2 PACK
400 lbs WLL / 181 kg
- Pre-threaded & ready to use
- Soft-tie option built-in
- Full-size vinyl coated hooks with keepers
- Sewn loop to prevent pull through

10” x 1” GENERAL PURPOSE 4 PACK
400 lbs WLL / 181 kg
- Full-size vinyl 2 hooks

12” x 1” GENERAL PURPOSE 1 PACK
400 lbs WLL / 181 kg
- Full-size vinyl 3 hooks
- Sewn loop to prevent pull through

12” x 1” GENERAL PURPOSE 1 PACK
400 lbs WLL / 181 kg
- Full-size vinyl 3 hooks
- Sewn loop to prevent pull through

15” x 1.25” GENERAL PURPOSE 2 PACK
400 lbs WLL / 181 kg
- Pre-threaded & ready to use
- Extended 15” fixed end with ratchet above pickup rail
- Full-size vinyl coated hooks with keepers
- Sewn loop to prevent pull through

15” x 1.25” GENERAL PURPOSE 2 PACK
400 lbs WLL / 181 kg
- Pre-threaded & ready to use
- Extended 15” fixed end with ratchet above pickup rail
- Full-size vinyl coated hooks with keepers
- Sewn loop to prevent pull through

10” x 2” INDUSTRIAL 1 PACK
800 lbs WLL / 360 kg
- Pre-threaded & ready to use
- Extended 10” fixed end with ratchet above pickup rail
- Sewn loop to prevent pull through

WORKING LOAD LIMIT (WLL)
The WLL is calculated as 1/3 of a new tie down assembly’s tested break strength.
The WLL is the maximum load a component or assembly should be subjected to during routine use.

### Winch Bars

All winch bars are made from heat treated steel for extra strength and designed for use with standard winch caps. Each bar has a knurled handle in two sections for improved grip and a flanged mushroom tip end to keep the bar from slipping within the winch cap.

#### 34" Standard Black
- Black powder coat finish
- 8-coat finish standard on weld-on and 3-bar winches

#### 34" Combination Box End
- Painted silver and yellow finish
- Chain breaker release end

#### 34" Combination Black & Yellow painted finish
- Black powder coat finish

#### 34" ERGO 360° Standard
- 8-coat finish standard on weld-on and 3-bar winches

#### 34" ERGO 360° Combination Box End
- Black & Yellow painted finish
- Chain breaker release end

## Cam Buckle Tie Downs

### General Use

#### 3" x 1" Trunk Tie Strap 1 Pack
- 60 lbs WLL / 27 kg
- Pre-threaded and ready to use
- Camlock package

#### XC05S-1P
- Discontinued and replaced by part number XC05S-D

#### XC05S-D
- Display box of 10

### Better & Safer Than Bungee Cords!

#### 6" x 1" Cam Buckle 4 Pack
- 300 lbs WLL / 135 kg
- Compact stapl 5-hooks

#### 6" x 1" Cam Buckle 2 Pack

**Auto Hauler Winch Strap**

44827-24

2” x 140’ Winch Strap w/ cleats

The auto hauler strap goes over the tire and utilizes three coated rubber pads that mesh with the tread to keep the strap centered and secured.

**Recovery Straps**

S-Line brand emergency recovery straps are a great way to free stuck vehicles from mud, sand, snow, rocks and small creek beds. 900 series straps are made with NYLON webbing and provide superior stretch and recoil action over polyester and polypropylene materials.

**MVW = MAXIMUM VEHICLE WEIGHT**

MVW represents the maximum weight of the vehicle being recovered for which the strap is designed to accommodate.
O-Track Hardware

**12" O-Track Standard**
1,333 lbs WLL / 600 kg
- Designed for multiple tie-down uses on trailers, vans, & pickups

**12" O-Track Standard Beveled**
1,333 lbs WLL / 600 kg
- Great for floor mounting applications

**Single Stud O-Track Fitting**
1,333 lbs WLL / 600 kg
- Designed for Standard & Beveled Logistic Track

**Double Stud O-Track Fitting**
2,000 lbs WLL / 909 kg
- Designed for Standard & Beveled Logistic Track

E-Track Hardware

**12" E-Track**
2,000 lbs WLL / 909 kg
- Bolt or screw to floors, sidewalls or wood studs
- Painted Enamel Green Finish
- 12 Gauge Steel

- Forged Steel Ring with bracket
- Surface Mount Weld-on design

---

*Working load limit will vary depending upon installation of track. Track is designed to work in combination with recommended tie-downs and fittings. Please reference TMA RP No. 47-99 for installation. Attach track using screws, rivets or by welding. Contact vehicle manufacturer or qualified installer to determine fastener size and mounting method. Welding of galvanized material may omit true flames. Please use caution and proper ventilation.*

43782-15 Pre-Heavy Duty Aluminum Standard Cargo Strap
- Adjustable 69.75 in - 104.5 in
CAUTION: Due to variations in the wall construction of a trailer, cargo bars may not have a working load limit.

48407-10 Pre-Heavy Duty Steel Economy Cargo Strap with Bolt-on Feet
- Adjustable 69.75 in - 104.5 in

Logistic Straps

Ancra logistic straps are designed to work with traditional horizontal and vertical E & A track and assembled with spring actuated series E end-fittings. Straps are made with heavy duty 6,000 lb polyester webbing and color coded by length for easy identification. Fixed end lengths are all 48 in. For other style logistic straps and end fittings, contact S-Line Customer Service at (800) 626-8353 for assistance.

Spring End Fitting

Cam Buckle - 833 lbs WLL (378 kg)

Ratchet - 1,333 lbs WLL (605 kg)

AUTO TIE DOWNS & RECOVERY STRAPS

Car Tie Downs

- 2 in. PVF coated webbing for greater abrasion resistance
- Twisted snap hooks
- Wide handle ratchet
- 3,333 lbs WLL / 1,515 kg

Made in USA

Series E Transit Strap with RTJ Hooks

Assembled with durable latex treated polyester webbing and short wide handle ratchet. Fixed end features a heavy duty Series E & A track fitting and the adjustable end features a cluster hook with RT & J options.

49023-20

- 4 ft. 17 in
- 1,000 lbs WLL / 455 kg
- 4 ft. 17 in
- 1,000 lbs WLL / 455 kg
- 12 ft. 5 in

Auto Hauler Winch Strap

46487-24 27” x 140” Winch Strap w/ Clamps
The auto hauler winch strap goes over the tire and utilizes three coated rubber pads that mesh with the track to strap a recovery and recover.

Recovery Straps

13/16” x 3/8” Tow Rope
3,500 lbs MWW / 1,547 kg
- Diamond braided polyester rope
- Steel slip hooks

15/16” x 2” Tow Strap
5,000 lbs MWW / 2,267 kg
- Polyester webbing
- Steel/Aluminum hooks with safety key ropes

20” x 2” Recovery Strap
6,000 lbs MWW / 2,721 kg
- Nylon webbing
- Twisted round loops

MVW = MAXIMUM VEHICLE WEIGHT
MVW represents the maximum weight of the vehicle being recovered for which the strap is designed to accommodate.

WINCHES & WINCH BARS

**STRONGEST IN THE INDUSTRY**

Ancra winches comply with DOT, WSTDA-T3 and Canadian Standard 905 regulations. Available in different base configurations to suit a variety of needs and load requirements.

All winches shown are right hand models. Left hand models may be available on special orders.

---

**Winches**

- **2” Lashing Winch**
  - 3,333 lbs WLL / 1,515 kg
  - Rotated on end
  - Double fluid drive clutch design
  - Great for ladder reels

- **Weld-on Standard**
  - 5,000 lbs WLL / 2,268 kg
  - Standard winch capacity
  - Black powder coat

- **Weld-on Storable**
  - 5,000 lbs WLL / 2,268 kg
  - Bottom mount
  - High winch capacity
  - Black powder coat

- **Weld-on Low Profile**
  - 5,000 lbs WLL / 2,268 kg
  - Self-retract
  - Black coat

---

**Portable w/255 Standard**

- 5,500 lbs WLL / 2,495 kg
- Tightly to tail bumper
- Standard winch capacity
- Black powder coat

- **Double L-Track Slider Standard**
  - 5,000 lbs WLL / 2,268 kg
  - Latch to place with lever
  - Jaw frame offers side weight
  - Jaw-to-jaw: 10,000 lbs
  - Black powder coat
  - Not into standard trailer slide pockets

- **C-Track Slider Storable**
  - 6,000 lbs WLL / 2,725 kg
  - Latch to place with lever
  - Jaw frame offers side weight
  - Jaw-to-jaw: 10,000 lbs
  - Black powder coat

**CAM BUCKLE TIE DOWNS**

**COMMERCIAL GRADE SERIES “X”**

**8”x1.25” MOTORSPORTS 2 PACK**
400 lbs WLL / 181 kg
- Pre-threaded & ready to use
- Soft-tie option built-in
- Full-size vinyl coated hooks with keepers
- Sewn loop end to prevent pull through

**10”x1” GENERAL PURPOSE 4 PACK**
400 lbs WLL / 181 kg
- Full-size vinyl 6 hooks
- Sewn loop end to prevent pull through

**12”x1” GENERAL PURPOSE 1 PACK**
400 lbs WLL / 181 kg
- Full-size vinyl 3 hooks
- Sewn loop end to prevent pull through

**12”x1” GENERAL PURPOSE 1 PACK**
400 lbs WLL / 181 kg
- Full-size vinyl 3 hooks
- Sewn loop end to prevent pull through

**15”x1.25” GENERAL PURPOSE 2 PACK**
700 lbs WLL / 318 kg
- Pre-threaded & ready to use
- Extended 10” fixed end or extended ratchet above pickup rail
- Full-size vinyl coated hooks with keepers
- Sewn loop end to prevent pull through

**15”x1.25” GENERAL PURPOSE 2 PACK**
700 lbs WLL / 318 kg
- Pre-threaded & ready to use
- Extended 10” fixed end or extended ratchet above pickup rail
- Full-size vinyl coated hooks with keepers
- Sewn loop end to prevent pull through

**10”x2” INDUSTRIAL 1 PACK**
800 lbs WLL / 360 kg
- Pre-threaded & ready to use
- Extended 10” fixed end or extended ratchet above pickup rail
- Sewn loop end to prevent pull through

**WORKING LOAD LIMIT (WLL)**

The WLL is calculated as 1/4 of a new tie down assembly’s tested break strength.

The WLL is the maximum load a component or assembly should be subjected to during routine use.

</table>

**GRADE 70**

Lighter & stronger than Grade 43, Grade 70 chain was designed specifically for over the road transportation. Made from heat treated, high carbon steel and zinc plated gold chromate for corrosion resistance. Each link is 100% proof tested to 2X WLL rating and made to NACM standards per specifications of the Department of Transportation & CMVTA for tie down use. All clevis hooks are made of heat treated alloy steel.

**Transport Chain Assemblies with Clevis Hooks**

Each assembly is packaged in a poly bag with UPC & Warning Label.

**Grade 70 Agricultural Safety Chain**

For use as a safety chain to prevent the separation of the towed vehicle and the towing vehicle in the event the primary attachment becomes disengaged. The safety chain allows for the two vehicles to come to a controlled stop. Conforms to the specifications of the ASABE as a Safety Chain for towed field equipment for agriculture. Has a zinc plated gold chromate finish and complies with NACM Standards for Grade 70 transport chain.

Chain Load Binders

All traditional chain load binders are constructed of drop forged steel for strength and durability and are Grade 70 for use with transport chains. They are available in traditional Lever, Reciproc and Ratcheting models, and are finished in a red E coat paint. They meet or exceed WSTDA T-6 standards.

EZ Binder

5/16” 1-7/8" G70 – 3/8” G43
5,400 lbs WLL / 2,450 kg
Weight: 11.5 lbs / 5.2 kg

- Quick acting ratchet design is easy to tension and release
- Extra long handle provides mechanical advantage needed for secure tensioning
- Durable contoured handle grip for comfortable operation
- Heavy-gauge steel construction with corrosion resistant electro zinc plating
- Free wheel function for quick take up
- Swiveling grab hooks for ease of use
- Will take up 12” of chain during tensioning

5/16” G70

Scan this QR Code to see a video on how easy it is to use chain to secure heavy loads.

RATCHET TIE DOWNS

Commercial Grade Series “X”

Perhaps the highest quality general application tie downs on the market, our “X” series straps are packed full of features and conveniences and built to endure the rigorous applications of today’s professional contractor, light industrial user and avid motorsports enthusiasts. “X” series products are made with heavy duty abrasion resistant polyester webbing and packaged in environmentally conscious and easy to merchandise display boxes that are completely recyclable.

20” x 1.5” INDUSTRIAL 1 PACK
1,800 lbs WLL / 815 kg
- Reversible wide handle GRR®
- Extended 15m fixed end to extend ratchet above pickup rail
- Chrome finish
- Single J-Hooks

10’ x 1.5” POWER EQUIPMENT 1 PACK
1,000 lbs WLL / 453 kg
- Reversible wide handle GRR®
- Extended 15m fixed end with coiled snap hook to extend ratchet above pickup rail
- Vinyl coated double J-hook with keeper and floating d-ring on adjustable end
- Chrome finish

8” x 1.25” MOTORSPORTS 2 PACK
700 lbs WLL / 318 kg
- Pre-threaded & ready to use
- Soft-tie option built-in
- Spring loaded webbing storage clamp
- Full size vinyl coated hooks with keepers
- Soft-tie

GRADUAL RELEASE RATCHET (GRR®)

“Gradual Release Ratchet (GRR®)

Tighten Position

Reverse Position

Lock Position

Release Position

Reversible spindle design allows tension to be released one gear at a time until tension approaches 60 lbs. Helps prevent explosive release of cargo with shock absorbers and rubber tires that push back on the load or overhead applications where cargo may tip quickly. Also great for balancing motorcycles without having to release the entire strap and re-tighten.

Pickup Truck Stake Pocket Anchors

Bull Cleat®
500 lbs WLL / 226 kg
- Quick Installation
- Chrome finish with stainless steel screws

Bull Ryder®
500 lbs WLL / 226 kg
- Fixed ring
- Quick Installation
- Chrome finish with stainless steel screws

Bull Ring® Retractable
1,000 lbs WLL / 455 kg
- No Drilling
- Snaps up / snaps down
- Stainless steel rings and screws

Rubber Block
- Quick Installation
- Chrome finish ring

Toggle Bolt
- Universal
- Chrome finish ring

EZ PULLER II® Cable Puller
2,000 lbs WLL / 907 kg
- 1 Ton Cable Puller
- 1 Pack / Box

D-Rings and Connectors are spaced to accommodate various heights of loads. Each net comes with six (6) 1-1/4” x 3” long straps with a die cast cam buckle. Each strap has vinyl coated 5 hooks with wire keepers to prevent them from disengaging. Net Openings: 6.26’ x WLL: 1,200 lbs

Pickup Truck Cargo Nets

Short Bed Pickup Truck Cargo Net
- For short beds - 72” x 80” x 80”

Long Bed Pickup Truck Cargo Net
- For standard beds - 72” x 80” x 80”

Utility Pad
72” x 80”
- One piece filler with continuous quilted stitching
- UV Treated and metal filtered batting

PolyCORD Rope
3/8” x 75’
- Excellent resistance to chemicals, oils and moisture

PolyCORD Rope Floor Display
3/4” x 75’
- 40 Piece Camo Rope Display

Soft-Tie Extension
1,166 lbs WLL / 528 kg
- 18” Motorcycle & ATV Tie Down Extension

Trackstar® Motorcycle Wheelchoc
- Fits 3” – 5” Tires
- Quick connect to aircraft style D track
- Comes complete with mounting kit

Trackstar® Accessory Mounting Kit
8” O Track & Hardware
- For installation in a second vehicle

Note: Standard webbing color for heavy duty tie downs is yellow unless noted by color block next to the part number.

CUSTOM MADE STRAPS & CUSTOM STENCILING
S-Line offers custom manufacturing capability and the ability to print your company name on the webbing. To request a special strap design, color or stencil name, please contact Customer Service at (800) 625-6431. Custom products are priced at the time of order and subject to minimum order requirements and varying lead times based on availability of component parts. Custom products are available in bulk packaging only and are non-returnable.
HEAVY DUTY RATCHET STRAP ASSEMBLIES

**Industrial Grade**

Tired & tested by professional truck drivers for over 40 years, S-Line & Ancra heavy duty ratchet straps are built for the most demanding applications. Quality, care and thought go into every strap ensuring our products perform as intended and outlast the competition. From full size long wide handle ratchets for easier grip and maximum leverage, to specialty coated webbings that provide additional UV and water resistance to big beefy end fittings matched to the strap’s working load limit, you’re certain to find the tie down that fits your customer’s needs.

**Standard Ratchets**

- **2" LONG WIDE HANDLE (2LW):**
  - DIchromate Finish
  - 3.7% Aluminum Grip
  - 1.6 x Handle
  - 6,000 lbs WLL / 3,220 kg

- **3" LONG WIDE HANDLE (3LW):**
  - DIchromate Finish
  - 4.6% Aluminum Grip
  - 1.6 x Handle
  - 7,333 lbs WLL / 3,220 kg

- **4" LONG WIDE HANDLE (4LW):**
  - DIchromate Finish
  - 5.3% Aluminum Grip
  - 1.6 x Handle
  - 8,000 lbs WLL / 3,628 kg

**X-TREME 2X HIGH CAPACITY WEBBING (XHC)**

- Latex coated polyester with excellent UV protection and abrasion resistance
- Meets DOT and WSTDA requirements

**2nd Web Keeper Ratchet (2LW-WK):**

- Built-in web guide keeps strap off cargo

**ANATOMY OF A RATCHET STRAP**

- Fixed End Hardware
- Adjustable End Hardware
- Ratchet
- Webbing
- Overall Length

The distance between extreme end bearing points of the web tie down assembly, including the fittings. Standard fixed end length is 18” (31” for chain anchor straps). This puts the ratchet in the optimum position on the side of the trailer.

**Endless Round Lifting Slings**

- **Light Weight & Durable**
- **Low Stretch Properties for Optimum Use in Low Headdroom Applications**
- **Continuous Loop polyester Load Yarns Inside**
- **Abrasion Resistant Double Wall Polyester Protective Cover**
- **Color Coded to Industry Capacity Standards**
- **Industry Compliant Sew Warning Tags**
- **Shrink-Wrap Package**

**LIFTING SLINGS - ROUND**

TARP TIES & BUNGEE CORDS

Commercial Grade EPDM

- Proprietary EPDM compound with excellent UV properties to resist cracking and extend strap life
- Strong stretch and recovery performance in both hot and cold temperatures
- ½ inch thick, tear-apart ends to help prevent hooks from tearing through strap
- Zinc plated, rust-resistant steel S-hooks
- Color coded, trilingual, UPC coded labels applied directly to each strap

**Made in USA**

**Quick Start Planogram**
Welcome to the NEW S-Line by Ancra International — North America’s leading designer and manufacturer of Cargo Restraint Systems.

40 years ago, Ancra introduced the "Original" cam buckle tie-down to the consumer market for the safe and convenient transportation of motorcycles. Ancra was later acquired by The Heico Companies, a multi-billion dollar corporation with exceptional professional and financial resources, helping propel the rapid growth of the company. Today, Ancra is recognized as a leading supplier of cargo restraint systems to the Heavy Duty Fleet, Aviation and Military industries. With a reputation for providing quality products at the best value, and a strong brand following, we are now strategically positioned to serve the cargo control needs of the Consumer and Industrial markets through our acquisition of S-Line.

S-Line opened its doors in the 1970's, as a supplier of fleet transportation products. In 2003 S-Line expanded its customer base to include industrial catalog houses, rental companies, sporting goods retailers and hardware wholesalers. The Heico Companies acquired S-Line in 2008 and merged the business with Ancra to form the industry's largest single supplier of cargo control products in North America. Today, under the leadership of Ancra, S-Line has been transformed into a successful, multi-million dollar supplier of quality and affordable cargo control products to the Consumer, Industrial, Motorsports and Utility Trailer markets.

To our valued customers who stuck with us through the acquisition, thank you! We are excited about our future and look forward to helping you continue to expand your cargo control sales.

To our prospective customers, we look forward to earning your business. Whether it’s one product, or our complete line, we are certain we can help you meet the needs of your customers, increase your sales and add to your bottom line!}

Sincerely,

Mark Daugherty
President & General Manager, Cargo Division
Ancra International, LLC

S-Line, LLC
S-LINE, LLC, a business of Ancra International, LLC, is a full service manufacturer and provider of consumer and industrial cargo control products for contractors, farmers, DIY’ers, motorcycle owners, motorsports teams, outdoor enthusiasts and commercial transportation. In addition to our traditional heavy duty customers, S-Line now maintains strong relationships with retailers and distributors in the hardware, automotive, motorsports, fleet/farm and rental channels. Our products include tie down straps, bungee cords, tarp ties, cargo nets, trailer hardware, transport chain, chain binders, lifting slings, cargo bars, winches, winch straps and decking beams.
